

Working of ILMS Software:

The institute has user friendly & fully automated 'Vidyasagar Lib Software' of 1.0.0 version, installed in 2011 as Integrated Library Management System (ILMS). Vidyasagar Lib Software provides powerful information management solutions to enable and to distribute content seamlessly. It is an integrated software package encompassing all aspects of library management. It helps library to give fastest library services to the user by using barcode. Using this software user can generate I-CARDS, print barcodes on any laser printer, spine labels and data on book cards. It takes care of the following activities:

- Book Ordering and serial control made simple.
- Circulation i.e. Issue, Returns, Renewal, Recall, Reservation/ Reservation cancel, overdue report,
- Statics and sending e-mails for transactions.
- Book Accession e-register and Online Public Access Catalogue.
- Search the database using important fields such as accession number, call number, author, title,
- edition, year, publisher, subject, keywords, availability etc.
- Handles plenty of records more efficiently.
- Simple and fast counter transactions
- Online stock verification support. online stock verification of library resources using Barcode
- Scanner, Data Capturing Unit and generate reports of books such as - missing, lost, issued, binding, transferred condemned, available, etc.
- Efficient circulation management system.
- Sorting / printing large number of reports and can export into Excel file formats.
- Display / printing of records in AACR formats
- Interface to barcode scanners / printers / smart card
- User ID and password for various menus
- Database security, backup and recovery
