IIT Bombay ST Software Courses Training Program .

I am glad to announce that our institute PVPIT, Budhgaon is now conducting a IIT Bombay Software Courses Training Program - **Spoken Tutorials**.

Number of courses being offered by none less than IIT Bombay-ST Software Training program that provides numerous range of Skill oriented, Syllabus related and Job oriented courses and e-tutors which the students can take to (i) do better in exam if the course is in syllabus (eg. C, C++, Blender and Java etc.) (ii) Add value via stand-alone IT Skill employability oriented courses (eg. Drupal, Python, Perl, Linux, Scilab, PHP & MySQL etc).

The training will be done in our campus itself, an unlimited number of students and faculties can avail training on any number of courses with Certificate without any cost.

The online exam will be conducted after the stipulated time.

WHAT IS SPOKEN TUTORIAL

- Spoken tutorial is an audio-video tool that teaches Open Source Software
- Through active learning method, students learn a software in short, simple steps
- They can replicate the instructions, build and run their own program codes

Advantages

- In programming, the greatest thrill is writing your own program, compiling and running it
- It is well known that listening is always better than reading and that is why this methodology works
- It helps that in addition to reading theory, you see the concept in a small program, practice it and understand it in a very simple way

Created by experts. Over 8 lakh students have been trained in colleges, polytechnics and ITI s in the past 4 years!

Basic Computer Skills & Office Automation	
Software / FOSS name	Applications / Skills & Employability
