Date: 23.02.2023

Dear Subscriber,

Greetings from CSIR-National Institute of Science Communication and Policy Research (NIScPR) (erstwhile CSIR-NISCAIR).

As you are aware, the printing of our magazines **Science Reporter** (English-Monthly) and **Vigyan Pragati** (Hindi-Monthly) was suspended from July-2020 to November 2022 due to Covid-19 pandemic. However, online access of all the issues was provided to all paid subscribers. Now, almost after two years, the printing of Popular Science Magazines has been resumed from December 2022 issue onwards. However, during this period, the cost of paper and printing has increased manifold. Therefore, CSIR-NIScPR had no option but to increase the subscription cost of Popular Science Magazines from January 2023 onwards. The old and new rates of magazines are given below:

Magazine	Old Subscription Rates (Rs)			New Subscription Rates (Rs)		
	1 year	2 years	3 years	1 year	2 years	3 years
Science Reporter (SR)	300.00	570.00	810.00	750.00	1425.00	2025.00
Vigyan Pragati (VP)	300.00	570.00	810.00	750.00	1425.00	2025.00

We really value your long term association with CSIR-NIScPR. However at this point of time, we had no option but to increase the subscription rates of our two magazines, as per the details given below:

- (1) Subscribers, who have paid for the year 2020, 2021, and 2021 with old rates, are requested to pay the difference amount (including Dec 2022 issue for Rs 30/-) w.r.t. new rates, as shown below:-

For one year subscriber (SR or VP), difference = Rs. 480/-

For two years subscriber (SR or VP), difference = Rs 885/-

For three years subscriber (SR or VP), difference = Rs 1245/-

The above amount should be paid separately for Science Reporter and Vigyan Pragati; in case of subscription of both the magazines the amount will be double, e.g. for one year, difference is Rs. 480/- for Science Reporter & Rs. 480/- for Vigyan Pragati.

- (2) In case subscribers do not wish to subscribe with new rates, no. of copies (as per new rates), worth amount received from them (including Dec 2022 issue for Rs 30/-), will be sent as per the details given below:-

For One year subscribers (Old rate Rs. 300/- paid) = 4 issues; balance left Rs 45/-.

For Two years subscribers (Old rate Rs. 570/- paid) = 8 issues; balance left Rs 15/-.

For Three years subscribers (Old rate Rs. 810/- paid) = 11 issues; balance left Rs 30/-.

Remaining balance amount for one year subscription (Rs 45/-), 2 years subscription (Rs. 15/-) and 3 years subscription (Rs. 30/-) will be adjusted by sending CSIR-NIScPR S&T books worth Rs. 50/-, Rs 20/- and Rs 30/- respectively.

You are requested to let us know **IMMEDIATELY** by **15 March 2023** about your acceptance for point No. (1) or (2) by the return post / email ([psmsupport@niscpr.res.in](mailto:psmsupport@niscpr.res.in)). We will appreciate your quick response to enable us to start the dispatch of your subscription copy.

The information regarding payment of difference amount should essentially be communicated to BDG&I by email ([psmsupport@niscpr.res.in](mailto:psmsupport@niscpr.res.in)).

With best regards,

Neelam Prasad  
(Head, BDG&I)
